

Republicans Routed At Polls Tues.

**ROOSEVELT, BROWN AND
MURPHY ELECTED**

**County Smashed Vote Record In
Numbers**

Election day is now past history and leaves behind a trail of democratic victory. Crawford county joins the state and nation in the sweep to democratic success. Majorities exceeded the fondest hopes of the most optimistic of the democratic party.

The day dawned and in vain did the republicans of Crawford county look for bright skies; instead they got dark clouds, rain, sleet, light snow and wind. Indeed it was typical democratic weather as far as tradition is concerned. And it proved true in substance as well as form and when the voting began they laid down the most terrific democratic vote barrage this country has ever experienced. Hardly a section of the nation escaped its fury.

President Roosevelt's political strength carried with it to victory practically every candidate on the democratic ticket. The republicans saw their stalwart leaders mown down right and left. Brucker, Fitzgerald, Dickinson, Atwood, Crowley, Toy, O'Hara and others fell by the political wayside. Such records of victories and defeats had never before been experienced in this nation or state.

Over 1500 votes were cast in the county, which is about 200 more than cast at the last presidential election. A record of about 900 votes cast several years ago in the village of Grayling and Grayling township was exceeded in the city of Grayling alone by about 50 votes, while the township polled about 140 votes, making a total of nearly 1100.

Congressman Roy O. Woodruff, republican, beat out Wm. J. Kelly by a good margin. Miles Callaghan, republican, defeated T. George Sternberg for state senator. William Green, republican, the present incumbent, lost in the race for representative in the state legislature to Frank B. Buza, democrat, John C. Shaffer, republican, for circuit judge, won by a large majority.

In the county Frank Bennett, republican candidate for sheriff, led his party ticket with 1032 votes over Lawrence Hunter, democratic slip candidate who received 403. Ronnow Hanson, democrat incumbent and candidate for register of deeds, led all candidates with 1075 votes over Carl Peterson, republican, who received 362. Axel M. Peterson, democratic incumbent and candidate for county clerk piled up a big vote for clerk over Austin J. Scott, republican, 1011 to 442. Judge Charles E. Moore, republican, won over Clayton McDonnell, democrat, 887 to 539.

A tabulated report of just how each township voted appears below. All amendments were severely treated by negative votes in each case. The nos had it all the way down the line.

APPRECIATION

Even though I was not elected to the office of Judge of Probate I cannot but have keen appreciation for the votes I did receive. I too appreciate the compliment paid me by the pupils of my good old Alma Mater—Grayling High School in the school election.

Clayton McDonnell.

L. W. L. To Elect, Officers Nov. 14th

CLUB BOASTS OF 75 MEMBERS. EXPECT 150.

Organization of an Izaak Walton League chapter in Crawford county is meeting popular favor everywhere. The need of such an organization in the midst of a great recreational region, such as we have in this county, is one of the finest movements we have promoted. We need the backing of this national and state organization if we hope to get the utmost out of our resort and conservation possibilities.

Royal A. Wright who has taken a leading part in organizing a chapter here, says that already 75 people have enrolled for membership and that he expects that in time this is going to be the largest chapter in the state. Many outsiders who come here for resorting and recreation are enrolling in the local chapter, feeling that it is to their own interest as well as ours to have a chapter here.

Every effort has been made to keep the local organization open until our membership had reached fifty. Now that there is an enrollment of about 75, a meeting is being called for the election of officers. Every one who has an interest in the league is urged to be present at the meeting November 14th. Definite plans as to where the meeting will be held will be announced in the Avalanche next week.

If you are not already a member, application blanks are in the hands of the local committee or may be had at the Avalanche office. Membership in the league is \$2.50. With it comes a year's subscription to Out-Door America.

Womans Club

The first regular meeting of the Woman's club was held Monday evening, November 4th, at the home of Mrs. Esbern Olson.

Following the business meeting the Club was entertained by the following program:

President's Greetings—Mrs. Ernest Hoesli.

Report of past activities of Campfire Girls and discussion of future plans—Mrs. Edgar Flory.

Demonstration by Campfire Girls.

From the demonstration given by the two groups of Campfire Girls, under the direction of Mrs. Stanley Stealy and Mrs. Edgar Flory, the club gained a knowledge of the importance of work done among the girls in our city during the past year.

The Woman's club is sponsoring the Campfire Girls and it is through the untiring efforts of Mrs. Flory and Mrs. Stealy that the work has been successful. The meeting next Monday evening will be at the home of Miss Margrethe Bauman.

HALLOWEEN PARTY

Miss Laura Johnson was hostess to fourteen of her friends at a Halloween party at the home of Mr. and Mrs. Emil Giegling Friday evening.

Witches and skull and bones and pumpkins and the various decorations that are used on such occasions were cleverly arranged through the rooms. Partners for lunch were drawn from a huge spiderweb. The boys started with a black cat and as they unraveled the web found the name of the young lady they were taking to lunch on a pumpkin.

There is no holiday of the year more interesting to the younger folk than Halloween and this was one of the delightful affairs given on that night.

THANKS

I am more appreciative than ever for the fine vote accorded me at the polls Tuesday when I was re-elected county clerk. Also the pupils of the High School come in for their share of this thanks for the fine vote they gave me in the school election. I want each and everyone to know I am very grateful.

Axel M. Peterson,
County Clerk.

FRANKLIN D. ROOSEVELT
Re-elected President of the United States.

Graham Home Gift To Mercy Hospital

**WILL BE USED AS HOME FOR
NURSES**

Grayling people will be very interested and pleased to learn of the very generous gift of Mrs. Margrethe Graham of her spacious home on Peninsular avenue to Grayling Mercy Hospital for a nurses home.

This is something that has been needed for some time and now the hopes of the Sisters and nurses have been realized. Mrs. Graham deserves the sincere thanks of the community

for her generosity in making this fine donation. More particulars concerning this will be published next week.

BIRTHDAY DINNER

Friday evening Mrs. C. G. Clippert entertained several friends at a birthday dinner for her husband, Dr. C. G. Clippert. It being Halloween, a large lighted pumpkin centered the long table around which the guests were seated.

Contract made the pleasure of the evening, high honors going to Mrs. O. P. Schumann and A. J. Joseph.

The easternmost point of the United States is West Quoddy Head, near Eastport, Me.

BROWN-SWITZER

Friends of Miss Dorothy Switzer and Mr. Carlyle Brown will be pleased to learn of their marriage, Sunday evening, at the home of the former's brother, Clyde Switzer, at Prescott, Mich.

Rev. Harvey Good, of the Church of the Brethren, read the marriage service and Mr. and Mrs. Walter Schweitzer, brother-in-law and sister of the bride, were the attending couple. Mr. and Mrs. Charles Switzer, parents of the bride; Henry Switzer and Miss Elvina Richter, completed the bridal party. Following the services the young couple left on a brief honeymoon trip through the southern part of the state, after which they will return to make their home in Grayling.

Mrs. Brown is a graduate of Grayling High School, in the class of last year, and although she has not resided in Grayling long, she has made a great many friends.

The groom is a son of Mrs. Andrew Brown and has resided in this county most of his life. The Avalanche joins the many friends in extending congratulations and best wishes for a long and happily wedded life.

WYTHE-CODY

Simple but very pretty was the marriage service of Miss Virginia Cody, daughter of Mr. and Mrs. O. M. Cody, and Mr. William Wythe, son of Mrs. Susan Magoun, which was solemnized Sunday, at 12:30 at the Michigan Memorial church. Rev. Edgar Flory officiated.

The bride was lovely in a floor length gown of orchid silk and her corsage was of orchid-colored baby chrysanthemums. Her sister and only attendant, Miss Helen Cody, chose for the occasion a floor length frock of white silk marquisette with a tiny red figure, and her corsage was of red roses and white carnations. Paul Lippert, of Higgins Lake, attended the groom.

Out-of-town guests included Mr. and Mrs. Edward C. King, George L. Miller, and Billy Karnes, of Flint; Mr. and Mrs. Virgil Clough, of Traverse City; Mr. and Mrs. Clifford Fuller, daughter Marjorie and son Harold, and Mrs. Eva Fuller, of Battle Creek. Besides the members of the immediate families, many friends of the young couple witnessed the ceremony.

Following the services, the bridal party was honored with a lovely dinner at the home of the bride's grandparents, Mr. and Mrs. George Miller, with guests including only members of the Miller and Cody families.

Hunter Spare That Road Sign

"Oh, hunter, spare that sign," was the theme of an appeal this week from State Highway Commissioner Murray D. VanWagoner.

The commissioner received reports from all over the state of hunters using highway signs for practice targets. The more-expensive reflectorized signs, apparently are favored as targets, the commissioner was informed.

"I am appealing to the hunters to pick out some other, less-expensive target if they must get in some practice shooting," Commissioner Van Wagoner said.

"The habit of shooting at our signs is not only expensive to the state but also is very dangerous from a public safety viewpoint. Most of our signs are warning messages. If they are destroyed, accidents can be expected to increase. I realize that the hunters who have been making targets out of our signs have no malicious intent but we would appreciate it if they were a little more thoughtful."

and Stephan Jorgenson. Covers were laid for 19 guests at a table centered with a beautiful wedding cake. Miniature doves and white and gold replicas of flowers formed a very dainty trimming and a tiny replica of a bride and groom added the final touch. To Mrs. Virgil Glough, of Traverse City, goes the credit for the making and the decorating of the wedding cake.

Shortly after the wedding dinner the young couple left for a few days' honeymoon at Camp Wash-ka-da.

Mr. and Mrs. Wythe have a host of friends who extend congratulations and best wishes for a long and happily wedded life.

THURSDAY, NOV. 5, 1936

WE have heard of some criticism regarding the full page published in the Avalanche last week in the interest of republican candidates. If the readers had been more observing they could have seen that it was paid political advertising. It was marked "Political advertisement, paid for by Republican State and County Committees." Such page advertising appeared in most weekly newspapers of Michigan and no doubt was welcome business for the publishers. The Avalanche has always welcomed advertising from both political party candidates and will continue to do so. A column of free space was offered the county chairmen of both parties for use as they saw fit during the campaign. But little advantage was taken of this privilege. Our reporter was instructed to report the activities and meetings of both parties and this was done in a sincere way. We have tried to give both the republicans and the democrats equal opportunity in the Avalanche. In this we believe we have succeeded. We felt that we were honest in espousing the republican cause in this campaign and many times asked ourselves the question "are we right or wrong in our belief?" We felt that we were right. Result of the election would indicate that we had been in error for it is hard to believe that 25 millions of voters can all be wrong. Nick says in his ad this week "If you won, don't brag; if you lost, take it with a grin." Unfortunately, elections, especially national ones, make a lot of political enemies. It is only fair to give the other fellow credit for being honest in his opinions and to have the right to have them. If he is willing to work honestly for the support of his cause, give him credit for it. After the battle is over, don't forget this is a democracy where every man is equal of the other and each must, if he is a good citizen, do his part. President Roosevelt is a great leader. We were not fully in accord with his policies, still in every way we did everything we knew how to do to comply with them while they were in operation. This was a duty every good citizen owes his government. Mr. Roosevelt is an American citizen and we have confidence that he will do everything a chief executive can do in the interest of America. We owe him our loyal backing and support in this great task he has before him.

Michigan will have a complete set of democratic state officers in Lansing. The election Tuesday wiped out every republican in state office. Among them were some very fine men whose past services have been a credit to the state and to themselves. Some of them are going to be sorely missed around the capitol city

after January 1st. We cannot believe that their defeat in the election is because of any personal reproach by men and women of either the republican or the democratic parties. How can we forget honest Frank D. Fitzgerald, lovable Orville E. Atwood, Wilbur M. Brucker and others whose paths have been before the public for so many years? New faces will be in the capitol soon. We don't know Mr. Murphy nor Mr. Nowicki. But we know quite personally Leon D. Case, elected secretary of state, and hold him in the highest esteem as a patriotic citizen, as an able officer and a faithful friend. You're going to like Mr. Case in his new capacity. We haven't a personal acquaintance with Prentiss M. Brown who defeated Mr. Brucker for U. S. Senator, but we do know that is highly esteemed by his friends and his home people. That characteristic means much in a public official. It is refreshing to have men of Mr. Brown's type in responsible positions. Bert D. Chandler defeated Harry S. Toy for member of the supreme court. We do know Mr. Chandler who is better known to us by his first name. He was a law partner to the late Judge Grant Fellows. Mr. Chandler is a brilliant attorney and will be a big asset to our supreme tribunal.

THE EMERGENCY PEACE CAMPAIGN

The greatest drive by the forces of peace is under way throughout the United States. The drive is known as the Emergency Peace Campaign. More than a hundred peace organizations, including many of the most distinguished of our citizens, are backing the movement.

Features of the campaign will consist of activities in every city, town, and village in the United States. Churches, farmers' organizations, college groups, Y.M.C.A.'s, Y.W.C.A.'s, will conduct a program of peace educational activities. Lectures, plays, special meetings will be held.

A nation-wide poll of individuals will be taken with the purpose of determining their attitude toward war. Peace bonds will be sold to individuals and societies.

"Because the threat of war is so great today, there is no time to be lost. Many people must lay down their present tasks, important as they are, and throw themselves into this struggle. They must give themselves for peace just as in 1914-18 millions gave themselves for war."

This is an Emergency Peace Campaign, because the threat of war is so imminent, that the people of our country must be ready to keep this country neutral if the conflict should break loose abroad. We must keep this country from making the mistake which she made in 1917-18.

If in the past we gave our money to buy bonds to promote the war, so now we must support the cause of peace and prevent war.

Every lover of peace will be called upon to enter this struggle against Mars.

During coming weeks and months the people of Grayling will have opportunity to study the war question and to discover techniques for maintaining peace. Rev. Edgar Flory is the leader of the Emergency Peace Campaign in Grayling.

Wednesday, Nov. 11th, 2:30 o'clock—The Woman's Home Missionary society meets at the parsonage. The minister will conduct the lesson.
You are invited to the services of this church.

Annual R. C. Roll
Nov. 11 to 26

The annual Red Cross membership drive will be launched on Armistice Day, with the American Legion Auxiliary sponsoring the drive. Mrs. J. L. Martin, chairman and her crew of workers will make a canvass of the county, and the public is urged to join the Red Cross, or at least make a donation to this worthy cause.

No one can forget the work of the Red Cross in the Mississippi flood last spring, when a whirlwind mobilization of Red Cross forces was brought about overnight to administer to the flood sufferers in the states east of the Mississippi river. Red Cross volunteers performed deeds during those days of the flood that will live long in the annals of their respective communities. This is just one of their many services in times of emergency.

CELEBRATES 80TH MILESTONE

Hans Petersen celebrated his 80th birthday Monday and as a surprise to him, his children who live out of town came home to spend Sunday with him, Mr. and Mrs. Andrew Larson, Carl; Mrs. James Olson, Grand Blanc; Mrs. Clarence Claggett, Lenox, Mich.; Mr. and Mrs. William Pobur, Detroit; Mrs. Cass Chamberlain and daughter, Oxford; Mr. and Mrs. Victor Peterson, son and daughter of Gaylord. His daughter Mrs. Earl Dawson entertained at a large family dinner on Sunday.

Mr. Petersen has been a resident of Grayling for close to 30 years. He is hale and hearty and still takes an active part in Grayling's civic life. His many friends wish him many happy returns of the day.

Time now to select those Christmas greetings. We have several lines of genuine engraved cards to select from—Avalanche office.

McKENNA FUNERAL LARGELY ATTENDED

Funeral services were held Thursday afternoon at Michelson Memorial church for Mrs. Anna-Mabel McKenna, who passed away at Mercy hospital on Oct. 27th. Rev. Edgar Flory officiated, and Mrs. C. G. Clippert and Mrs. Roy Milnes beautifully rendered "Safe in the Arms of Jesus" and "Beautiful Isle of Somewhere" during the service. There was a large assemblage of friends in attendance included Kenneth Purcell, Elmwood cemetery and the pallbearers were William McLeod, George Schroeder, Curry Sheehy, Niels Neilsen, Phil Quigley and Alex Kochanowski.

Those from out of town in attendance included Kenneth Purcell, Camp Glennie; Mr. and Mrs. Charles Woodbury and daughter Mary Lou, Bay City; Mrs. Maxine Curtis and son Junior, Mrs. Edward Rauss, Mrs. Fred Muton, Detroit; Mr. and Mrs. Leo White and daughter Joyce, Adrian; Alex McKrimon, Mr. and Mrs. Ed Brinley, West Branch.

ATWOOD SEEKS EARLY AUTO PLATE SALES

In an effort to stimulate the sale of automobiles at the time when for years manufacturers have closed their plants to take inventory, Orville E. Atwood, Secretary of State, has written to proper officials of every state in the Union, notifying them that 1937 license plates were placed on sale October 21. He notified these officials that he would do all he could to cooperate with them; in the event they saw fit to release their 1937 plates early this year.

It is the belief of Atwood that labor in Michigan, as well as everywhere else in the nation where automobile or allied industries are located, will be immeasurably benefitted by every move to overcome the seasonal slump in the automotive industry.

This is the second successive year in which motor vehicle license plates have been placed on sale on Oct. 21, Atwood pointed out when he set the date. It was made as early as practicable in order to aid the manufacturers in their drive to bring out models for fall trade. It was believed that with the placing of license plates for the succeeding year on sale coincidentally with the bringing out of new models, one factor of sales resistance would be overcome for the motor industry.

Grayling Home Extension Notes**Group One**

Grayling Home Economics Extension Group 1 held their first meeting of the year at the home of county chairman, Mrs. Earl Broadbent, Tuesday, October 22. Eight ladies were present.

Leaders who presented the lesson were Mrs. Hurl Deckrow and Mrs. Earl Broadbent.

The topic of the lesson was "Fall Fashion Refreshing Our Wardrobe." Many excellent ideas were given on refreshing the last year's wardrobe.

Discussion of the new Fall fabrics proved very interesting. Several styles of collar patterns were given and also a sleeve pattern which could be used in refreshing a last season's garment. Patterns for a Snood beret and a hat were also given and demonstrated, which were simple to make.

Mrs. Frank Serven was in charge of the recreational program.

The ladies were very interested and enthusiastic about the work offered.

Guests were Mrs. Eugene Papendick and Mrs. Joe Kernosky, who came for the purpose of getting data on how to form a group.

The next meeting will be a social meeting and held at the home of Mrs. Hurl Deckrow, Nov. 10. The next lesson will also be at Mrs. Deckrow's after the monthly lesson has been given December 2.

Mrs. Barton Wakeley.

Group Two

The Women's Extension Clothing class of Grayling Group Two held their meeting at the home of Mrs. Seeley Wakeley Friday, Oct. 23, with nine members present. Mrs. John Wakeley and Mrs. Russell Moshier were guests, who later joined the group.

The lesson was presented by the leaders, Mrs. William Williams and Mrs. Seeley Wakeley. The topic of discussion was "Fall Fashions of 1936" and "Bringing Our Clothes Up-to-date." The class was taught how to make several simple collar and hat patterns, and suggestions as how to remodel last year's dresses.

The recreational activities were in charge of Mrs. Archie Brown. Mrs. Seeley Wakeley served refreshments at the close of the meeting.

The next meeting will be at the home of Mrs. Seeley Wakeley after the leaders meeting, December 2.

Mrs. Kenneth Clise.

Ausable Valley Group

Ausable Valley Home Economics extension group met with Mrs. Earl Mathewson on Oct. 28, when eight new members were added. Project leaders Mrs. Theodore Stephan and Mrs. Harold Skingley gave a very interesting lesson on fashions of 1936 and bringing our clothing up-to-date. This is the last time Mrs. Skingley will meet with us as she is going to Gaylord to live. Mrs. Jack Redhead was elected to replace her as project leader.

One business and one social meeting will be held each month, and Mrs. Herbert Stephan will entertain the ladies and their husbands on the evening of Nov. 10th. The next meeting will be with Mrs. George Skingley, the date to be announced later.

THE LANGUAGE OF YOUR HAND

By Leicester K. Davis

© Public Ladsor, Inc.

How often you meet interesting people, socially or in business, whose true traits and character you would give almost anything to see delineated. This isn't difficult if you are on speaking terms with the language of the hand. But before you attempt a verdict, be sure that you are familiar with the characteristics of type.

The Temperamental Type of Hand. Graceful symmetry is the outstanding feature of this type. The fingers, particularly, impress the observer with their smoothness and delicate modeling from root to nail tip. Hands of the temperamental type are in general quite small, though there may be exceptions to the rule; are plump but not over-fleshed and have a responsive, resilient feel when grasped.

The fingers of this type are of moderate length in proportion to the length of palm, which is usually neither square nor elongated, but rather full and oval in shape. The thumb, like the fingers, is well proportioned, of moderate length, and in many instances has a markedly tapered nail joint, with the joint below it of unusual slenderness and sometimes corseted in appearance.

The firm hand of temperamental type indicates the emotional, dramatically inclined, artistic man or woman, with far greater endowments along these lines than average. But if overfleshed, the indications are that indolence and love of ease will be serious drawbacks to emotional and artistic expression.

Possessors of the temperamental type of hand are natural artists and actors, who, although they may never follow their natural inclinations, nevertheless are only truly happy when in an artistic or "dramatic" environment.

ONE-BUCK LAW IN EFFECT 16 YEARS

The one-buck law, which has helped to build up Michigan's deer herd to its present large size, will have been in effect 16 years during the open deer season this fall, according to conservation authorities here.

One of the principal worries of game men during this time has been the buck-to-doe ratio of the herd, but in spite of the heavy annual shooting of bucks, they say, the sex-ratio still appears quite safe.

On the basis of observations made by conservation officers in the deer country during July and August of this year, it has been learned that the buck-to-doe ratio in the upper peninsula is about one buck for each two and a half does; in the lower peninsula, one buck for each three and a quarter does.

"This would seem a safe ratio," comments I. H. Bartlett of the game division. "Deer are polygamous and it is estimated that one buck will service as many as 100 does during a mating season. If this is true and the sex ratio remains as reported, there seems little need for worry as far as the supply of bucks for breeding purposes is concerned. But as long as the one-buck law is in effect, the sex-ratio bears careful watching."

FRAUD ACCIDENT PLEA USED BY RACKETEERS

"Don't wire case in response to an emergency message signed 'Cousin Elmer'—even if you have a cousin Elmer. That is, don't part with your money until you investigate."

This is the advice of Lieut. Van A. Loomis of the detective bureau of the Michigan State Police, who has been directing a search in a dozen counties for racketeers who are making phony accident telegrams pay.

The trick, according to Lieutenant Loomis, is to obtain the name of a relative of a person with money. Later, this person will receive a wire signed with the relative's name, stating the signer has been in an automobile accident and requesting ten, twenty-five or fifty dollars at once.

In nine cases out of ten, the apparent urgency of the request from someone dear results in prompt dispatch of the money. The racketeer appears at the distant telephone office with forged credentials, collects and moves on.

A telephone call to the usual address of the "accident victim" in such cases would avert loss. Establishing the request as a fraud, a tip-off to local or state police may result in apprehension of the perpetrator.

DEER GET FAT ON ACORNS

Acorns are making sleek, fat and healthy deer for the army of red-clad hunters who go into the woods soon.

Game workers who have come back from the woods are commenting about the fine looking specimens of the northern white-tail deer they have seen. They believe their plump appearance is largely due to the customary fall diet of acorns, of which there is an abundance in many places.

Mainly vegetarian in food habits, the deer will feed heavily on acorns when they can get them, as will the elk in the Pigeon river state forest area northeast of Gaylord. This apparently rich food item prepares the animals for the hard-going of the winter months.

"Deer have been known to paw through light snows for acorns, but when the heavy snows come this cannot be done," commented I. W. Bartlett, deer investigator of the department of conservation. "The deer then confine themselves to conifer swamps where other types of food are available. Around in late February and early March usually this food becomes scarce and the deer begin to feel the pinch of starvation. A rich diet of acorns would probably be more than welcome to the deer then, but it's just not on the bill of fare."

RED CROSS HIGHWAY POSTS AID INJURED

1,000 Function At Key Points To Give Emergency Care To Traffic Hurt

Highway first aid stations, set up by the Red Cross to give emergency care to victims of traffic accidents, are saving lives, according to James L. Fieser, vice-chairman in charge of domestic operations.

"More than 1,000 of our emergency posts are already operating in 47 states and thousands of others will soon be established at key points along America's highways," Mr. Fieser stated.

The Red Cross highway posts are concentrated at danger spots in rural areas where medical aid is not readily available. The importance of this coverage of the open road, the Red Cross holds, is given sharper emphasis by the fact that there has been a 150 per cent increase in rural traffic fatalities during the past twelve years.

The project was initiated last year on a national scale as a practical approach to the highway accident problem. The Red Cross felt that it could best apply its strength by succoring those who continue to be injured pending a reduction in the highway accident rate through legislation and safety education.

"Our program brings first aid skill to the scene of accident in an effort to reduce the number of persons killed and maimed in automobile mishaps," Mr. Fieser said. "Our highway first aiders are not medical men in any sense, but it is their job to turn the injured over to the medical profession in the best shape possible."

The Red Cross highway posts are established at gasoline service stations, tourist homes, rural police and fire departments. The personnel of the posts are trained by the Red Cross in first aid, standard first aid equipment is installed at each station, and identifying signs for the benefit of motorists are erected beside the highway at both approaches to the station.

The attendants of these roadside units who qualify as first aiders volunteer their services through the Red Cross and may under no circumstances accept pay for caring for the injured.

To complement the highway first aid stations the Red Cross has announced formation of mobile units. Several thousand trucks, which regularly ply the highway in the course of routine work will be equipped with first aid kits. Drivers and crews will take courses in both standard and advanced first aid, and each truck will be identified as a Red Cross mobile unit. More than a hundred trucks are already operating.

"The highway police of eight states who have finished first aid training will join this army mobilized to cut accident fatalities and prevent complication of minor injuries through mishandling at the scene of accident," Mr. Fieser said. "We receive reports from our first aid stations daily, telling of essential care given to traffic casualties on the spot and of lives actually saved."

This and many other Red Cross programs of equal value are supported by the people of America during the annual Roll Call for members. This year the Roll Call will be held from November 11 to 24.

NEW STAIRWAY TYPE FIRE TOWER AT FREDERIC

Four new fire towers of the easy-to-climb stairway type are to be erected by conservation authorities with the help of CCC workers this fall.

The sites selected are: Floodwood north of Sagola in Dickinson county; Walsh between Seney and Shingleton, Alger County; Frederic, south of Deward in Crawford county and South Presque Isle north of Atlanta in Montmorency county.

Visitors to Michigan who get nervous when climbing fire towers, will find the new type a little easier to negotiate, authorities stated.

Bulldog Originated in 1650

The bulldog is said to have originated as a distinct type in 1650. The dogs of that period were high in body, massive-bodied and huge as a mastiff we view today at the shows. Around 1850 the bulldog was bred down to be a low animal in the front. This was done, most likely, by those who wanted him that way to bait with the bull.

"Now I Lay Me—"

This child was hurt when a tornado struck Tupelo, Mississippi, necessitating medical and nursing care for hundreds—care which in many cases could not have been given without Red Cross assistance. It is a fine tribute to the organization that the young beneficiaries of its health and relief services invariably place themselves in the hands of the Red Cross with a completely confident, "Now I lay me—"

Here Is Miss America of 1936

Queen of beauties is Rose Veronica Coyle, 22-year-old college graduate of Yeaton, Pa., who is shown enthroned after winning the title of "Miss America of 1936," at the beauty pageant in Atlantic City. Miss Coyle was selected from a group of 48 entrants from states and cities. In addition to her trophy, she receives a plane trip to Hollywood and a screen test. Miss Coyle is five feet six inches tall, weighs 114 pounds and has dark brown eyes and black hair.

LITTLE STORIES FOR BEDTIME

by Thornton W. Burgess

A DEN OF ROBBERS

WHEN Billy Mink started to explore the big barn in the farmyard where he had decided to stay for a while he didn't know that he was entering a den of robbers. But that is what he was doing. Yes, sir, that is just what he was doing. You see, that barn was the home of ever and ever so many of the tribe of Robber the Rat, and each one of them, big and little, was a robber. They lived by robbery, which, you know, is another name for stealing.

Now those robbers had lived in

were all brown. The fact is, the older ones were quite gray. But that was because they were old and had grown gray with age.

Not all rats are bad. There are Brushtail the Wood Rat and Miser the Trade Rat and their families. They are honest and respected by their neighbors. But all the Brown tribe are outcasts, despised by all the little people of the Green Meadows and the Green Forest, and hated by man. There is no good in them. They become robbers as soon as they can run about, and they remain robbers as long as they live. There is not an honest hair on one of them. They hate the sunlight, for their deeds are deeds of darkness. They are savage.

But with all this, they are clever, very clever indeed. They are so clever that in spite of all man's efforts to kill them their tribe has increased until it is probably the largest tribe of little people who wear fur in all the world, excepting the Mouse tribe.

The farmer who owned that barn had set traps of many kinds, but the wise old leader of the rats had found each trap and warned all his relatives. The farmer had tried to poison them, but somehow their wise old leader always knew where the poison was and warned them against it. A cat had been brought to catch them, but the tough old fighters among the rats had driven the cat out.

So, the rats had increased and the greater the numbers the more they stole. They gnawed holes wherever there was a chance of getting food. They got into the farmer's house and did great damage there. In the spring they killed young chickens in the henhouse. They stole eggs. In fact, these robbers did about as they pleased and the big barn was their den.

To Build \$30,000 Sportsmen's Hotel

DETROIT MEN AT HEAD OF PROJECT

Work will soon begin on the construction of a new \$30,000 sportsmen's hotel here within a few days. E. W. Docker of Detroit is in Grayling at this time and has let a contract to the National Log Construction Co. for the construction of the hotel building.

"This will be known as The Sportsman's," said Mr. Docker, and will be of the most modern design for this type of hotel. It will be located on U. S. 27 a short distance north of the city, on the 10 acre tract of land opposite of the offices of the National Log Construction Co.

The hotel will have 19 rooms all with connecting baths, dining rooms, grill where liquor will be served, a sporting goods store and auto service station. It will be 121 x 54 feet in size, two story and basement, and constructed of Air-Lock logs made here in Grayling. Blue prints of the plans have just been completed. The designs are very attractive and pleasing, and the very last word in modern design.

Mr. Docker says that he and his associates intend the place to be one of high order and service. Free bus service will be provided for their patrons and everything done to make their guests comfortable.

Work will begin on the construction at once and it is hoped to have the place in operation by the time winter sports start. Mr. Docker says they have searched the state over and feel that they have selected the best location anywhere to be found in Michigan.

Mrs. Minnie Isenhauer enjoyed a week end visit from Mr. and Mrs. William Waldbauer, and Mrs. William Smith of Bay City, and Sunday James Lynch of Mt. Pleasant was also her guest.

Mr. and Mrs. Joseph Leadbeater, of Vanderbilt, were here over the week end visiting their daughter, Mrs. Byron Randolph. Miss Eva Mae Bugby has secured employment at College Inn, Saginaw, and has been working there for the past week.

Mr. and Mrs. Alfred Sorenson and daughter Marlene, accompanied by the former's mother, Mrs. George Sorenson, spent the week end at Grand Rapids, guests of the latter's mother, Mrs. Peter E. Johnson.

Births

Mr. and Mrs. Alva Stephan are the proud parents of another son, born this morning. Mother and child are getting along nicely.

Mr. and Mrs. Frank Fitzgerald (Emma Johnson) of Grand Rapids, announce the arrival of a son, who will be known as Billy Dale.

Ronald Earl is the name of the little son born to Mr. and Mrs. Floyd Sancier Saturday evening. Mother and baby are getting along nicely at the home of their parents, Rev. and Mrs. Juhl.

SCHOOL NEWS

Saturday night the annual Hallowe'en party for the Grayling school children was held in the high school gym. The seniors deserve congratulations for the manner in which this annual affair was staged. Nearly 300 children had the time of their lives eating doughnuts and drinking cider, and taking part in the well-rounded program that was presented. All manner of concessions were operating in full swing and all present voted the party as well worth while.

The following program was presented:

1. Cracker Eating—Harold Hatfield, prize winner; Robert Gildner, Jack Perry, Thelma Cook.

2. Pie Eating—Raymond Andrews, prize winner; Ted Roy McEvers, Nell Welsh, George Akers.

3. Window Soaping—James Kolka, prize winner; Burton Peterson, Jean Stevenson, Anna Mae Jeffrey.

Tuesday, Oct. 27th, the 8th grade enjoyed a Hallowe'en party at the high school.

General chairman, Zina Stephan, with her helpers arranged an enjoyable program which the class and their sponsor, Miss McDonald, enjoyed very much.

At 8:30 a pot luck lunch was served and helped to make the party one that will be remembered.

Flash! Roosevelt wins! State's Dems carry school.

The mock election held at the high school Tuesday, Nov. 3rd caused a lot of excitement both before and after the election.

Out of 226 ballots cast, there were sixty straight democrats and twenty-two straight republicans.

On Monday, Nov. 2nd., campaign speeches were made by students. Bill Joseph stumped for Republican Alf M. Landon and Kermit Charron for President Roosevelt. Leonard Knibbs straddled the fence as far as a favorite was concerned. First he ran down the Republican party something awful and what do you know? He did the same by the Democrats.

The school election was handled in the same manner as the regular election. Mr. Nellist explained the process of the election to the Hi-Y club.

President Roosevelt's popularity in the high school was proven by his 156-65 majority. Frank Murphy attained a 120-95 majority over Governor Frank D. Fitzgerald. All the state dems had large majorities because of the straight tickets.

All in all having the election was a lot of fun. The Hi-Y club, sponsors of the affair, made up two boards of four each—one for morning and a board for afternoon. It was carried off very orderly.

Kindergarten

Last Friday the kindergarten party was held. The boys and girls made a cake and some orange Jello with bananas in it. The cake and Jello tasted good.

They put some water in a big pan, then we put some apples in the water and bobbed for them.

Some of the children dressed up. Betty Ann Cunningham, who was dressed as a pirate, won the prize for the morning group, and Isabelle Purves, who was dressed as a woman, won the prize for the afternoon group. We had a good time at our party.

First Grade

The first grade had a Hallowe'en party in their room Friday afternoon. The room was decorated with witches, black cats, owls, bats, skeletons and Jack-o-lanterns. Some of the decorations were made in school, while others were brought from home.

Bobbie Bishaw announced the school program, which consisted of Hallowe'en poems and songs. During lunch the room was darkened and the Jack-o-lanterns were lighted. The seats were decorated with dishes, lanterns, napkins, and Hallowe'en candies.

Betsy Niederer, Helen Louise Sorenson and Buster Clise were guests at the party.

Comets Return to Sun

Most comets return to the sun after a period of years. Biela's comet on its return in 1846 split into two parts and on its next visit came back as twins—two comets were traveling in almost the same orbit formerly occupied by one and on the same time schedule. There are several records of such multiple comets. The converse of this phenomenon is even more common. They break up. What causes this is unknown. Disintegration probably is caused by the same forces that cause them to split.

**Alfred Hanson****Grayling****LUNCHES EFFECT SCHOOL PROGRESS**

Progress that a child makes in school is influenced by the sort of lunch he eats at noon. Roberta Hershey, extension nutrition specialist, Michigan State College, points out that this noon lunch should receive more attention than merely preparing a few sandwiches of miscellaneous left overs and a piece of cake.

"The noon lunch for the child who must carry his meal with him challenges the imagination and skill of the home maker," Miss Hershey says. "In the first place, every child should have at least one hot dish each meal, particularly from September to June. Hot dishes usually have a better nutritive value than cold ones and also tend to stimulate the appetite and digestion. If hot dishes cannot be obtained at the school, the school lunch-box should be equipped with a thermos bottle so that the home may supply this lack."

A good pattern for a lunch box may include the following: sandwich with a filling of meat, cheese, egg, fish, peanut butter, baked beans or a substantial food with bread and butter; a succulent food such as salads, vegetable sandwich, raw or cooked vegetables or pickled vegetable or fruit; milk, for drinking or in a bottle of milk soup, cocoa, custard or other milk puddings; fruit or fruit juice; and something sweet.

If a thermos bottle is available a great care of the problem of providing nutritive lunch for the child is solved. The homemaker should not overlook the importance of packing the

The human element in driving is the problem on our highways today. Construction of highways is constantly being improved, especially along safety lines.

The human element must be educated. The driver of a car must realize his responsibility. Schools, clubs, safety organizations, societies, and many other groups of people are trying desperately to instill into the mind of every automobile driver that proper training in the handling of an automobile is necessary. It is easy to train the higher types of apes, dogs, cats, and even lower animals to operate a car in a circus ring to the satisfaction of an audience, but it is sometimes humanly impossible to instill into the minds of some drivers the absolute necessity for safe driving.

When the day comes that automobile drivers realize their responsibility, we will have a reduction of accidents on our highways.

lunch attractively and providing little surprises in the choice of food from day to day.

Choice of lunch box has a great influence upon the ease in which the child's noon meal is planned and also upon his desire to eat the meal. Lunch boxes should always be of tin or aluminum so that they may be easily cleaned and scalded.

REPUBLICAN WOMEN'S CLUB GIVE TEA AND MUSICALS

A large number of women of the county, as well as near-by towns, accepted the invitation of the Republican club to a tea and musicals Saturday afternoon at the school auditorium.

Musical selections by a trio: Mrs. Harold Jarmin, Mrs. Herbert Gothro and Mrs. Roy Milnes, were enjoyed, together with some delightful violin numbers by Walter Noa of Gaylord.

Short talks were given by Mrs. Geo. Ford of Gaylord and Mrs. Beardsley of Gladwin. Mrs. C. G. Clippert, chairman of the club, introduced Mrs. Warrington of Fort Wayne who gave the main address of the afternoon. Mrs. Warrington, a lawyer, gave a most convincing and highly interesting address. She was thoroughly familiar with every phase of the campaign and had a charming way of presenting her subject.

Tea was served following the program. A very long table, most attractively arranged, with a large silver basket filled with yellow chrysanthemums, formed the centerpiece. Two large silver candelabra had been placed at a little distance from the center and they gleamed light from orange and black candles. Mrs. Geo. Alexander and Mrs. H. A. Bauman poured.

There were some fifteen ladies from Gaylord, a few from Roscommon and two from Gladwin present.

Among the Clerks

(By J. Wellington Bumsted)

The H. C. fellows, better known as the "Burlap Boys," sharpened the claws of their first aid crew by trying out their fine new stretcher, using Eva Swanson as a sample patient. Eva was overcome Sunday, when the boy friend drove up from Grand Rapids with a fine new V-8. She was reported as lying in a coma for the first two days but is noticeably improved.

From the smiling profile of Alf Landon on the hitherto democratic radiator of the Levan limousine, I am just beginning to wonder if Blackie didn't convince himself that he's a staunch republican after all.

Art May enjoyed a Sunday visit, recently, from a mysterious young charmer from Rogers City, who is known, briefly, as "Edith."

Seth Chappel has ended a long conquest by adding eight fine, up-standing moose to his long list of accomplishments. In fact, so good is our local milk man that local deer hunters are speculating on sending Seth to

Wyoming for the coming deer season. They tell me that moose grow to be pretty mighty out in Wyoming.

Monday, Mrs. Fred Bishaw asked her lord and master just what day the election was to be on. The Bishaw politics don't match up, so Biddie replied that election day was Wednesday.

Rudy Harrison and Clyde Glover enjoyed a bit of hunting Sunday. Oddly enough there have been no reports!

Leland Marshall and his attorney both belong to the same party, politically—the Irish Con-fetti Club—throwing bricks.

Jim Bugby is thinking seriously of firing his counter hoppers and installing the former Helen Sherman—who can do the work of three people and still leave one hand free to play solitaire.
